

COMBATING INSURANCE FRAUD

COMBATING INSURANCE FRAUD

XpertCenter Inc. specializes in identifying insurance fraud and providing the corresponding evidence. Our team of experts consists of experienced loss inspectors focusing on insurance fraud and lawyers specializing in insurance and criminal law.

Our combined module in brief:

PROVISION OF EVIDENCE

- You recognize possible instances of fraud and hand the cases over to us for further investigation.
- We take the necessary steps in Switzerland and abroad to obtain the full evidence required, including:
 - _____ Analysis and evaluation of the facts at hand
 - _____ Investigation (obtaining further information, securing evidence, questioning of parties concerned, observation, etc.)
 - _____ Legal and tactical assessment of the investigation results
 - _____ Proposal for claim settlement
 - _____ Claim settlement in accordance with your requirements
 - _____ Advice and legal support in the case of a law suit

SAMPLE TESTS

- We examine your cases in view of fraudulent claims on a sample basis.
- You decide on the further procedure in cases classified as suspicious:
 - _____ You process the case yourself – with or without back-up through our telephone support.
 - _____ You instruct us to obtain full evidence.

TRAINING

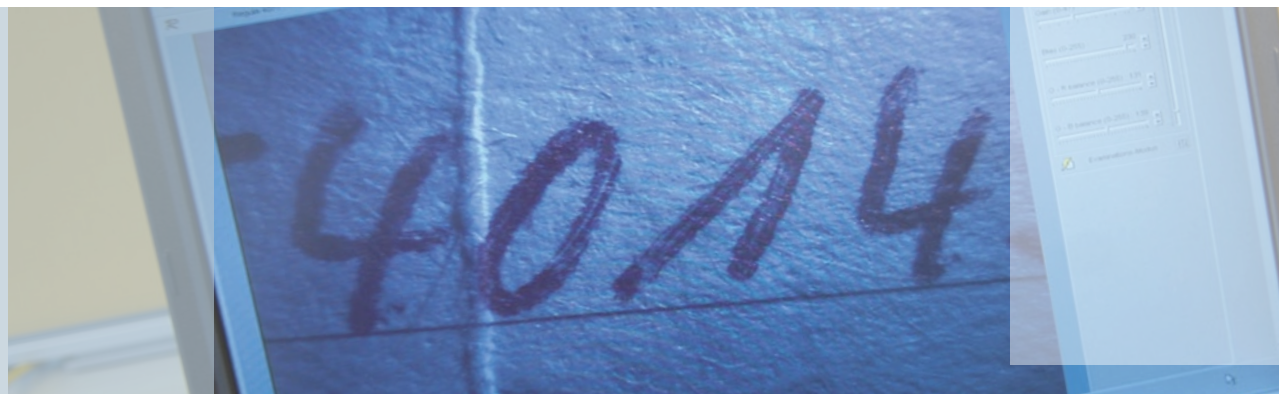

- We raise your staff's awareness of insurance fraud and demonstrate the potential of systematic fraud combating.
- We raise your staff's ability to identify fraudulent cases and to initiate the appropriate measures.
- We instruct your staff on the use of fraud checklists.
- We take up specific topics at your request.
- We work consistently with practical, real-life examples.

GOAL

- Your employees recognize the potential of systematic fraud combating and have the ability to identify suspicious cases.

TELEPHONE SUPPORT

- You mostly process cases of potential fraud yourself, but would be glad of professional coaching in the background.
 - _____ Over the phone, we help you identify fraudulent claims and find the necessary proof.
